Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Sunday 11 Apr 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Frosty with icy patches. Some rain or snow in west.

This Evening and Tonight:
Wintry showers fading inland. Otherwise cold with icy patches and frost, severe in parts of the east and north. Cloud and some rain, sleet and snow spreading to Northern Ireland in evening and to Wales and the southwest by dawn.

Monday:
Wintry showers continuing across the northeast and eastern coasts. Cloud, patchy rain and hill snow Northern Ireland, Wales and the south to start, slowly becoming brighter. Cold and sunny elsewhere.

Outlook for Tuesday to Thursday:
Sunny spells and isolated showers by day, though most places staying dry. Some mist or fog patches overnight. Chilly at night with frosts, remaining rather cold by day.
